#### Independent Auditors' Report on review of Consolidated Interim Condensed Financial Statements

**Board of Directors** 

OAO Severstal

#### Introduction

We have reviewed the accompanying consolidated interim condensed statement of financial position of OAO Severstal (the "Company") and its subsidiaries (the "Group") as at 30 September 2012, the related consolidated interim condensed income statements and consolidated interim condensed statements of comprehensive income for the three- and nine-month periods ended 30 September 2012 and 2011, the related consolidated interim condensed statements of changes in equity and cash flows for the nine-month periods ended 30 September 2012 and 2011, and notes to the consolidated interim condensed financial statements (the "consolidated interim condensed financial statements"). Management is responsible for the preparation and presentation of these consolidated interim condensed financial statements in accordance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. Our responsibility is to express a conclusion on these consolidated interim condensed financial statements based on our review.

#### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410 Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of consolidated interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the consolidated interim condensed financial statements as at 30 September 2012 and for the three- and nine-month periods ended 30 September 2012 and 2011 is not prepared, in all material respects, in accordance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

#### Notes to the consolidated interim condensed financial statements Nine months ended September 30, 2012 and 2011

(Amounts expressed in thousands of US dollars, except as otherwise stated)

#### 1. Accounting policies and estimates

These consolidated interim condensed financial statements of OAO Severstal and subsidiaries ('the Group') have been prepared in accordance with International Financial Reporting Standards ('IFRS'), IAS 34 "Interim Financial Reporting", as issued by the International Accounting Standards Board.

#### Adoption of amended and revised IFRS

The accounting policies applied by the Group in these consolidated interim condensed financial statements are the same as those applied by the Group in its consolidated financial statements for the year ended December 31, 2011, except that the Group has adopted those amended standards that are mandatory for financial annual periods beginning on January 1, 2012, or has early adopted standards that become mandatory in later periods.

Standards and Interpretations	Effective for annual periods beginning on or after
IAS 12 (Amended) "Income taxes"	January 1, 2012
IFRS 1 (Amended) "First-time adoption of international	July 1, 2011
financial reporting standards"	July 1, 2011
IFRS 7 (Amended) "Financial instruments: disclosures"	July 1, 2011
IFRIC 20 "Stripping costs in the production phase of a surface mine"	January 1, 2013

Amended IAS 12 *Income taxes* provided an exception to the general principles of IAS 12 for investment property measured using the fair value model. For the purpose of measuring deferred tax, the amendments introduced a rebuttable presumption that the carrying amount of such an asset will be recovered entirely through sale. The amendment also introduced similar guidance for measuring deferred tax on non-depreciable assets measured using the revaluation model in IAS 16. These requirements were previously included into SIC-21 *Income taxes-recovery of revalued non-depreciable assets*. Amended IAS 12 did not have a significant effect on the Group's consolidated interim condensed financial statements.

IFRS 1 First-time Adoption of International Financial Reporting Standards replaced references to a fixed date of '1 January 2004' with 'the date of transition to IFRSs', thus eliminating the need for companies adopting IFRSs for the first time to reconstruct transactions that occurred before the date of transition to IFRSs. The standard also provided guidance on how an entity should resume presenting financial statements in accordance with IFRSs after a period when its functional currency was subject to severe hyperinflation. Amended IFRS 1 did not have a significant effect on the Group's consolidated interim condensed financial statements.

IFRS 7 Financial Instruments: disclosures introduces additional disclosure requirements for transfers of financial assets in situations where assets are not derecognized in their entirety or where the assets are derecognized in their entirety but a continuing involvement in the transferred assets is retained. The amendments help users of financial statements evaluate the risk exposures relating to transfers of financial assets and the effect of those risks on an entity's financial position and promote transparency in the reporting of transfer transactions, particularly those that involve securitization of financial assets. Amended IFRS 7 did not have a significant effect on the Group's consolidated interim condensed financial statements.

#### Notes to the consolidated interim condensed financial statements Nine months ended September 30, 2012 and 2011

(Amounts expressed in thousands of US dollars, except as otherwise stated)

In January 2012, the Group early adopted of IFRIC 20 Stripping costs in the production phase of a surface mine. IFRIC 20 addresses accounting for stripping costs that are incurred in a surface mining activity during the production phase ('production stripping costs'). Under the interpretation, production stripping costs that provide access to ore to be mined in the future are capitalized as non-current assets if the component of the ore body for which access has been improved can be identified and future benefits arising from the improved access are both probable and reliably measurable. The interpretation also addresses how capitalized production stripping costs should be depreciated and how capitalized amounts should be allocated between inventory and the stripping activity asset. IFRIC 20 requires prospective application to production stripping costs incurred on or after the beginning of the earliest period presented.

The effect of the early adoption of IFRIC 20 is presented below:

	Nine months ended September 30, 2012
Increase in property, plant and equipment	31,820
Decrease in cost of sales	31,820

#### New accounting pronouncements

A number of new Standards and amendments to Standards were not yet effective for the nine months ended September 30, 2012, and have not been applied in these consolidated interim condensed financial statements.

Standards	Effective for annual periods beginning on or after
IAS 1 (Amended) "Presentation of financial statements"	July 1, 2012, January 1, 2013
IAS 16 (Amended) "Property, Plant and Equipment"	January 1, 2013
IAS 27 (Amended) "Separate financial statements"	January 1, 2013
IAS 28 (Amended) "Investments in associates and joint ventures"	January 1, 2013
IAS 32 (Amended) "Financial instruments: presentation"	January 1, 2013, January 1, 2014
IAS 34 (Amended) "Interim Financial Reporting"	January 1, 2013
IFRS 1 (Amended) "First-time adoption of international financial reporting standards"	January 1, 2013
IFRS 7 (Amended) "Financial instruments: disclosure"	January 1, 2013
IFRS 9 (Amended) "Financial instruments"	January 1, 2015
IFRS 10 "Consolidated financial statements"	January 1, 2013
IFRS 11 "Joint arrangements"	January 1, 2013
IFRS 12 "Disclosure of interests in other entities"	January 1, 2013
IFRS 13 "Fair value measurement"	January 1, 2013

The adoption of the pronouncements listed above is not expected to have a significant impact on the Group's consolidated financial statements in future periods except for those discussed below.

Amended IAS 1 *Presentation of Financial Statements* requires a separate presentation of items of other comprehensive income that may be reclassified to profit or loss in the future from those that will never be reclassified to profit or loss. Amended IAS 1 will be effective for annual periods beginning on or after 1 July, 2012 and requires retrospective application.

#### Notes to the consolidated interim condensed financial statements Nine months ended September 30, 2012 and 2011

(Amounts expressed in thousands of US dollars, except as otherwise stated)

Amended IAS 34 *Interim Financial Reporting* requires a separate presentation of total assets and liabilities for a particular reportable segment if such amounts are regularly provided to the Group's management and if there has been a material change from the amount disclosed in the last annual financial statements for that reportable segment. Amended IAS 34 will be effective for annual periods beginning on or after 1 January, 2013 and requires retrospective application.

IFRS 9 *Financial Instruments* becomes effective for annual periods beginning on or after 1 January 2015. The new standard is to be issued in several phases and is intended to replace IAS 39 *Financial Instruments: Recognition and Measurement.* 

The first and second phases of IFRS 9 were finalised in November 2009 and October 2010, respectively, and relate to the recognition and measurement of financial assets and liabilities. The Group recognises that the new standard introduces many changes to the accounting for financial instruments and is likely to have a significant impact on the Group's consolidated financial statements. The impact of these changes will be analysed during the course of the project as further phases of the standard are issued.

IFRS 11 *Joint Arrangements* supersedes IAS 31 *Interests in Joint Ventures* and introduces a classification of all joint arrangements either as joint operations, which are consolidated on a proportionate basis, or as joint ventures, for which the equity method is applied. IFRS 11 will be effective for annual periods beginning on or after 1 January 2013 and requires retrospective application.

IFRS 12 *Disclosures of interests in other entities* requires extended disclosures for interests in subsidiaries, joint arrangements, associates and unconsolidated structured entities. IFRS 12 will be effective for annual periods beginning on or after 1 January 2013 and requires retrospective application.

IFRS 13 *Fair value measurement* provides a revised definition of fair value, establishes a framework for measuring fair value and sets out expanded disclosure requirements for fair value measurements. IFRS 13 will be effective for annual periods beginning on or after 1 January 2013 and requires prospective application.

Lucchini segment and North America disposal group

In June 2010, the Group sold its 50.8% stake in Lucchini S.p.A. to the Majority Shareholder for a total consideration of  $\in$  1 (US\$ 1.2 at the transaction date exchange rate). The Group continued to consolidate the Lucchini segment primarily due to a call option exercisable within the following five years and a contractual entitlement, for the benefit of the Group, to any gain on a subsequent sale of this stake to a third party. In view of the projected disposal the Group classified the Lucchini segment as assets held for sale and discontinued operations.

In February 2011, the Group signed an amendment to Lucchini's share purchase agreement with the Majority Shareholder which cancelled the call option and the entitlement, for the benefit of the Group, to any gain on a subsequent sale of this stake to a third party. Effective from the date of this amendment the Group accounted for the investment in Lucchini using the equity method.

In March 2011, the Group sold its 100% stake in Severstal Sparrows Point LLC, Severstal Warren LLC, Severstal Wheeling Inc and a 50% stake in Mountain State Carbon LLC. The remaining share in Mountain State Carbon LLC of 50% is accounted for using the equity method.

Upon deconsolidation, the Group's investments in Lucchini and Mountain State Carbon LLC were stated at fair values of US\$ nil and US\$ 116.1 million, respectively, with the difference on remeasuring to fair value recognized within the net profit from discontinued operations.

#### Gold segment

In March 2012, the Group completed the separation of the Gold segment by exchange of 100% shares of Nord Gold N.V., the segment's holding company, for OAO Severstal shares and GDRs resulting in the increase of the Group's treasury stock by 192,900,120 shares.

The effect of the Gold segment separation was recognized in equity as an increase in treasury shares in the amount of US\$ 1,560.0 million in 2011 and in the amount of US\$ 103.8 million in the nine months ended September 30, 2012 as a result of a further increase in the Group's share in the Gold segment's net assets compared to December 31, 2011.

A summary of assets and liabilities disposed during the nine months ended September 30, 2012 and 2011 is presented below:

#### 7. Debt finance

In July 2011, the Group issued US\$ 500.0 million bonds denominated in US dollars maturing in 2016. These bonds bear an interest rate of 6.25% per annum, which is payable semi-annually in January and July each year, beginning in January 2012. The proceeds from the bonds issuance were partially utilized to refinance short-term loan facilities.

In September 2012, the Group issued US\$ 475.0 million senior unsecured convertible bonds maturing in 2017. The initial conversion price is set at US\$ 19.08 per share. The conversion rights may be exercised at any time on or after November 5, 2012. The bonds bear an interest rate of 1.0% per annum, which is payable semi-annually in March and September each year, beginning in March 2013, and a yield-to-maturity of 2.0% per annum. Holders of the bonds have an option to require an early redemption of their bonds in September 2015 at the accreted principal amount at such time plus accrued interest. The Group also has an option for early redemption, exercisable starting from October 2015, provided the market value of the Group's GDRs deliverable on conversion of the bonds exceeds 140.0% of the accreted principal amount of the bonds over a period specified in terms and conditions of the bonds. The proceeds from the bonds issuance were mainly used to refinance existing indebtedness and for other general corporate purposes.

#### 8. Acquisitions and disposals
