### 3. Rosexpertiza Company overview

Rosexpertiza is one of the national leaders in auditing, accounting, management, financial, legal and tax consulting, informational technologies and property appraisal. Russian specialists who are presently working in the company founded the company in 1993.

The company regularly occupies leading positions in industrial ratings. According to the latest rating based on business results of 2006, Rosexpertiza holds the second place among Russian auditing companies<sup>1</sup>.

Rosexpertiza holds all government licenses required to provide professional services in its core business:

- Auditing (license issued by the Russian Ministry of Finance);

<sup>1</sup> Rating by the *Kommersant Dengi*, April 2007

- Appraisal (license issued by the Russian Ministry of Property Relations);
- Operation with access to state secret information (license issued by Federal Security Service (FSB) of Russia Office in Moscow and Moscow region).

In August 2005 Rosexpertiza LLC was registered with the US Public Company Accounting Oversight Board - PCAOB.

In April 2006 the Company obtained license to operate under Moores Rowland international brand allowing the company to present reports of its customers at international markets.

Rosexpertiza is Russia's only auditing institution to rank among the top 100 highly reputed companies characterized by public and economic stability (Expert-100 Reputation Rating) for four years in a row.

The Company participates in the work of professional public associations and organizations; it is a member of the Institute of Professional Auditors (IPAR), the National Federation of Consultants and Auditors (NFCA), the Institute of Professional Accountants and Auditors of Russia (IPA).

**Since 2004 the Company is a member of Moores Rowland International network.**

*MOORES ROWLAND INTERNATIONAL is an international association of accounting, audit and consulting companies with 180 member companies from 100 countries of Europe, Asia and North and South Americas. With its aggregate USD 2.1 bln in annual revenues (2006) MRI is in the 6 position of the world rating of international audit networks.*

Membership in the international network allowed Rosexpertiza to extend the range of services and provided new opportunities for professional development of staff along with the benefits related to access to the potential of highly reputed partner companies across the globe.

#### 4. External quality audits

Audit services of Rosexpertiza LLC are provided in full conformity with license terms and are based solely on regulations of the Russian Federation including the existing Federal Standards of Audits.

The audit of the quality of our audit services and documents (July 2003) by a Quality Inspector from the Institute of Professional Auditors of Russia was conducted in accordance with the Standard Program of auditing for compliance with license terms and conditions and for the quality of audit services provided by organizations (Approved by Russian Ministry of Finance on 17.05.03). The audit showed that operations of Rosexpertiza are in conformity with the provisions of the Federal Law *On Audit Operations* and with other standards that regulate audit sector in Russia.

The quality of the Company's audit services is certified with Audit Services Quality Certificate No. 31 dated 23.10.03.

In addition, the quality of services provided by Rosexpertiza's specialists was tested many times by international entities such as the Moores Rowland International Association and the World Bank.

Upon the expiry of the aforementioned Audit Services Quality Certificate the following services quality audit was held by accredited professional association of auditors in October 2006 featuring performance by experts from the Institute of Professional Accountants (IPA) of Russia. These specialists highly regarded the quality of audit services provided by Rosexpertiza's specialists.

A *Statement On the Auditing Services Quality and Professional Ethics* No. A4-2/2006 dated 15.11.06 was issued to the Company following the audit.

## 5. Human resources

As at the beginning of 2007, the number of employees in Rosexpertiza exceeds 500. All of them have vast practical experience in different sectors of the economy, working for leading international and local auditing companies, major industrial enterprises and banks.

As of now, the Company has 327 employees, of which 122 are certified auditors. The average age of the personnel is 30 years.

The Company's management permanently focuses on professional development of its staff. The current Comprehensive Training Plan combined with individually tailored employee training includes all essential subjects and spheres of training for auditors and consultants.

The level of employee qualification is assessed during annual evaluation, traditionally conducted in summer, and intended for the analysis of employees' professional achievements and for making adequate decisions to motivate their efficiency and further professional growth.
